

Summer Courses Digital Stories.

Futurekids Ireland is delighted to announce that we have now been approved by the Department of Education Under the terms of Rule 58 for National schools.

All teachers who attend our week long course will qualify for 3 EPV days.

This years course is on the creation of a Digital Story which will be based on the life of Tom Crean (Ice man). **We take a book/story and through art/claymation, voice, text and photography and technology turn it into a video.** Check out sample video. See our Website on Teacher Professional Development.

Courtesy of Radio Kerry we also have a radio podcast 'Tom Crean and the Terra Nova Expedition' which will be part of the workshop.

A basic computer knowledge is required for this course. As well as computer skills we will also be creating podcasts, working with photographs and creating online resources for your classroom.
